

Kings And Queens And Aliens

Once upon a time far, far away there was a queen her name was queen Lisa. She admired the king his name was King Martin. One day aliens came to see the beautiful castle they lived in. The King and queen did not notice the aliens planning thier attack. After the aliens got out of the ship they came to the moat. The aliens hated water but they were determined to get in. King Martin and Queen Lisa now knew the aliens were trying to get in. But what could they do about it?

The king and queen were worried!

The aliens tried to climb the castle but 50 inches up they fell into the moat. King Martin called the zoo to bring a group of crocodiles to eat the aliens but they got away of course. Queen Lisa called an airplane driver to put them in the cargo hold and bring them to jail, but then the driver told them they couldn't go because they didn't have a passport. Then the king had an idea!

The king lured the aliens to jail with grapes.

The king and queen lived happily ever after.
